

SGC Notes: 11/21/19

Agenda Items:

Roles/Responsibilities

2019-2020 Budget Review

Parent Engagement Goal Setting

Roles/Responsibilities: New members were introduced and welcomed to the team. New members in attendance included: Marylyn Miranda (parent), Brooke DiCapua (art teacher) and Larry Hamilton (YMCA community member). Mr. Sullivan will continue as SGC facilitator. Note Taker was not in attendance but will continue to be Ms. Kennedy.

2019-2020: The Parent Allocation Budget this year will be \$2801.00. These funds will be used to fund our parent engagement activities. The first will be held on 11/26/19 (Turkey Bingo). We will continue our fundraising activities to increase funds and provide more activities for our students and families.

Parent Engagement Goal Setting: This year we will continue to target our chronic attendance by working to build relationships with families through family engagement programs. The team agreed to develop a newsletter specifically centered around building attendance awareness. Within the newsletter, we will provide our current attendance data along with actions steps we can take to improve. In order to get families to read the newsletter, we will have a raffle ticket attached that can be returned for free entrees to Chipolte (they have donated these gift cards as incentives for good attendance). The newsletter will also include any events taking place at school that month in an attempt to get families involved in the school community. Our next family engagement program will take place on 12/13/19, "Holidays Around the World." We also discussed working with our YMCA partner to offer child care on ½ days to increase attendance. A form will be attached to the newsletter so parents can sign up.

Next Meeting Date: 1/9/19

Agenda Item: Planning our Attendance Awareness Campaign
