

The Inner-City Foundation For Charity & Education recently made a \$5,000 grant to the School Volunteer Association of Bridgeport, Inc. The grant will be used to support the organization's Reading Enrichment, Tutoring and Mentoring programs, which impact thousands of children throughout the Bridgeport public schools. Each year, SVAB's 800 volunteers donate over 15,000 books to classroom and home libraries through these programs. Students with mentors are able to attend two enriching out-of-school activities that not only expose them to new experiences but also helps to promote the caring relationships which are the agents of change in the matches.

We are most appreciative of this grant which will help us to continue our important work with the students of the Bridgeport public schools.
