

BRIDGEPORT PUBLIC SCHOOLS PRESENTS

SUMMER CAMP

Overview

An exclusive program that will introduce an advanced level of complexity and assignments to our attendees.

The aim will be to build on student's established coding experience, introduce the girls to the FCW – IT school campus in order to help stimulate their desire to pursue STEM-related education, and inspire camaraderie and collaboration through the development of a team built to enter **F**or **I**nspiration and **R**ecognition of **S**cience and **T**echnology (FIRST) Tech competitions.

Scan  for more information.

Curriculum

A hybrid of project-based learning, soft skills improvement, interesting daily activities, and interrelated field trips aimed to help the students understand and engage in proper team development. It also serves as an introduction to the 2023 FIRST Tech syllabus.

Graduation will be a culmination of elements learned during the program. Ultimately those interested will remain to form an afterschool club that will represent Bridgeport in the FIRST Tech 2023/2024 SY competitions.

Enrollment

Each applicant must complete an application that contains parent/guardian permission. See a copy of the attached here, or scan  for an electronic form.
