

Hello, InfoTech Families,

Your child's PSAT 8/9, PSAT10 and SAT results are available via your child's College Board account. If they are having difficulty accessing their scores they can see their school counselor who also has access to the scores.

9th grade – Mr. Ed Williams

10th grade – Mrs. Victoria Sebourne

11th grade – Mrs. Cheung

Please review your child's scores with them and look at their strengths and areas of improvement. As a part of our MTSS systemic support, every M, T, Th and F, the InfoTech School uses Khan Academy to support students in ELA and Math. It has been shown that students who use Khan Academy's Official SAT practice can improve their SAT scores by an average of 115 points (blog.khanacademy.org, May 8 2017). We are fortunate to have such a valuable and relevant resource for our students. Please know that their KHAN account is available to them at all times for them to hone their skills independently.

If you have any questions or require assistance, do not hesitate to contact me.
