

Good afternoon, InfoTech Families,

Tomorrow, thanks to Junior Achievement, our students will be participating in our very first “virtual” career fair!! All students have received in their e-mails their log-in to allow them access into the fair. Attached you will find the students guidebook for reference as they travel throughout the tour. The schedule for your child is as follows. Regular classes will resume once the tour has been completed. Please have your child check their emails for log-in credentials and guidebook.
